

# RPL#6 Long-Term Indoor

## Features & Benefits

- Superior Rust Prevention
- Excellent Salt Spray Protection
- Water Displacing
- Non-Greasy Film Residue
- Long-Term Indoor Protection

# Rust Preventative

## PRODUCT DESCRIPTION

RPL #6 is a highly effective evaporative, water-displacing, and non-staining rust preventative that leaves behind a relatively dry film. This product was designed for long-term indoor rust protection. It will provide intermediate-term salt spray rust protection.

RPL# 6 can be applied by spraying, brushing or submersion. Individual tests should be run to check compatibility of rust preventative to paint or other type of coating. Remove by wiping with a light petroleum distillate (i.e. Mineral Spirits) or other commercial degreaser.

## PROTECTION

Indoors ..... up to 36 months

## TYPICAL ANALYSIS

COLOR:.....Clear Amber  
 WEIGHT:..... 6.592 LB/GL
