

ASHBURN EDM A

FEATURES & BENEFITS

- Light Viscosity
- Excellent Dielectric Strength
- High Flash Point
- Low Odor
- Excellent Rust Protection
- Excellent Anti-Oxidizing Properties

PRODUCT DESCRIPTION

ASHBURN EDM A is a premium quality, extremely light viscosity EDM oil that is designed to penetrate the spark gap area and flush away all fines. Its very high flash point and good dielectric strength make ASHBURN EDM A safe to use. The product has very low odor and protects the machine from rust and corrosion.

TYPICAL ANALYSIS

APPEARANCE: Clear
 FLASH POINT: 237°F (ASTM D-93)
 VISCOSITY: 2.6 cSt @40°C
 SPECIFIC GRAVITY:0.81
 ODOR: Mild Petroleum Solvent
 DIELECTRIC STRENGTH: > 35KV

PACKAGING

E-2802-05 5 Gallon
 E-2803-55 55 Gallon
