

MIKE-O-BLUE LAYOUT INK

FEATURES & BENEFITS

- Fast acting
- Safe on most surfaces
- No residue
- Effective as a solvent cleaner/degreaser
- Non-corrosive

PRODUCT DESCRIPTION

MIKE-O-BLUE LAYOUT INK provides a smooth, dark, non-glare coating to metal surfaces. It dries quickly and uniformly to create highly visible precision scribe lines and cutting surfaces. The ink is easily removed with Ashburn Layout Ink Remover.

Mike-O-Blue is excellent for tool and die makers, machinists, pattern makers, sheet metal shops, gear alignment and production layout.
