FOR IMMEDIATE RELEASE

Ashburn Chemical Technologies Donates to Amazing Place

HOUSTON, TX. – Ashburn Chemical Technologies, the supplier of [FLUID360™](#) and [FACILITYCARE360™](#) solutions that help our customers GO BEYOND to protect people, processes and production, is grateful to have been able to donate Ashburn essential products to Houston’s Amazing Place.

“Ashburn’s Six C’s, the focus on consideration, customer needs, continuous improvement, cash flow, community and common sense are at the core of everything we do as an organization,” said Ashburn Vice President of Marketing, Julie Bodine. “It is this commitment to serving others and supporting the communities in which we live and work that drove Ashburn’s desire to get involved and partner with Amazing Place.”

Amazing Place provides the absolute best in daily dementia programming and care. The mission of Amazing Place is to empower lives disrupted by dementia. Rather than asking why, Amazing Place wants people to ask how. How should I feel? How should I respond? How can dementia be prevented? How can I help? And most importantly, how can I empower the lives of those affected? Because how we react to the very first signs of dementia can create lasting strength for those we love.

Amazing Place, originally known as The Seniors Place until Fall 2009, began in two converted classrooms at St. Luke’s United Methodist Church in 1996 with three staff members serving three participants. Our organization remains true to its original mission – serving adults with mild to moderate dementia and their caregiving families. As the number of participants grew, Amazing Place relocated in 2000 to a small building at 2714 Joanel Street, and eventually to a new state-of-the-art facility at 3735 Drexel Drive, where they are today.

“I am so proud to work for an organization that participates in the community,” Bodine said. “Amazing Place provides the best education and care for those learning to live with dementia. I’m grateful we could assist by providing them with the industry’s best [FACILITYCARE360™](#) products.”
